To Whom May Concern:

As Director of Design & Construction at Wal-Mart Puerto Rico, Inc., I am pleased to recommend the firm Zimmetry Environmental and its principal Harry Peña for their expertise and competence in rendering environmental and inspections services.

Zimmetry Environmental have been working with us for several years now. They have always responded and complied with Walmart's standards. Furthermore, their quality level, technical detail, supplier interaction, and delivery of their work is consistently of the highest level.

We recommend Zimmetry Environmental for their work.

Sincerely,

Gil A. Soler Design & Construction Director
